MARINA SAFETY INFORMATION

IN THE EVENT OF FIRE

- ★ Stay Calm
- ★ Do not try to tackle the incident yourself
- ★ Get out of harm's way and evacuate those at risk
- ★ Raise the alarm

IN THE EVENT OF AN EVACUATION

- ★ Leave straightaway and head for the nearest Fire Assembly Point. If the route is blocked, make your way to the nearest Water Evacuation Point (ladders)
- ★ Follow all instructions given by marina staff, security and the emergency services

ADVICE ON FIRE SAFETY IN THE MARINA

- ★ Locate and note the position of Fire Assembly and Water Evacuation Points
- ★ At the Fuel Barge: No smoking. Turn off mobile phones, VHF radios, engines and cooking appliances. Extinguish naked flames. Follow any instructions given by Berthon staff
- ★ Do not use BBQs on boats, jetties or pontoons
- ★ Keep minimum stores of petrol, diesel and gas
- ★ Install a smoke alarm and test it regularly
- ★ Ensure all gas installations are in a sound condition and checked regularly by a qualified registered contractor
- ★ Make sure your gas bottle (LPG) is secured and kept away from heat sources
- ★ Check that your fire extinguishers and fire blanket are serviceable
- ★ Always isolate fuel and gas on leaving your vessel
- ★ Check electrical heaters, dehumidifiers and 240v equipment on leaving your vessel

GENERAL SAFETY ADVICE

- ★ First aid and a defibrillator are available from the Dockmasters office 24 hours a day
- ★ Locate and familiarise yourself with the positions of the marina safety boxes – you will find them on the pontoons. Nearby you will find emergency ladders
- ★ Report all accidents and potential hazards to the Dockmasters immediately
- ★ Report any oil or fuel spill to the Dockmasters immediately
- ★ Use rescue equipment only in the event of an emergency – advise the Dockmasters if you use any of the equipment. Misuse of this equipment may have life-threatening ramifications for future users
- ★ Keep the pontoons clear of materials, tenders etc
- ★ Do not use bicycles, scooters or skateboards on the pontoons or jetties
- ★ Do not ride, or allow children to ride in the marina trolleys
- ★ Children should wear suitable lifejackets and be supervised when near the water
- ★ In wet or icy weather watch out for slippery pontoons
- ★ Do not remove the supports from your vessel in the yard
- ★ Have electrical leads checked by a qualified person on a regular basis
- ★ Do not attempt electrical repairs unless suitably qualified
- ★ Keep clear of the hoist dock, lift pads and all lifting operations at all times.
